

Bad Weather Days

The Church of Christ in St. Joseph has agreed to allow us to use their facility in the case of rain or other bad weather.

In case of rain:

If it is raining in the morning please drop your camper off at the Church of Christ's SOUTH GLASS DOORS on Sherman Street at the regular camp time. Campers will walk through the glass doors, go straight down the first flight of stairs, turn left and continue down the second set of stairs. From there they will be directed to a classroom where their team is meeting. Please do not use the doors on the east side of the church. That is the entrance assigned to the YMCA campers we do not want to disrupt their activities.

If it is raining at 8:00 A.M. on a field trip day and our field trip is an indoor activity, drop your camper off at Kolb Park at the regular camp time. We will remain in the pavilion until the bus arrives. If the field trip for that day is an outdoor activity it will be cancelled and you will drop your camper off at the Church of Christ at the regular camp time.

If it should happen to start raining after camp has started, camp will be moved to the Church of Christ where we will continue with alternative activities.
